Faculty of Arts and Science	Honours Bachelor of Arts - Italian Second Language Learning - Major	Department of Italian Studies	B.A., Hons.	closure of an undergraduate program	The Major in Italian Second Language Learning program has been closed to new admissions as of April 2014 due to its lack of specificity. This closure reflects steps taken by the Faculty of Arts and Science to streamline programs and efforts of the Department to strengthen its programs according to its academic priorities and resources.	4/1/2014	5/1/2017
Faculty of Arts and Science	Physics Life & Environmental Science - Minor	Department of Physics	n/a	closure of an undergraduate program	The Minor in Physics Life and Environmental Science program has been closed to new admissions as of April 2014 because of its significant overlap with the Physics "Core" Minor, for which there is higher student demand. As well, it is the view of the Department that the Physics "Core" Minor better meets the needs of students in the Life Sciences because of its emphasis on experimental physics.	4/1/2014	5/1/2017
