

Report on Program Closures 2014-2015

Faculty	Program	Unit (if applicable)	Degree Designation	Type of Modification	Brief Description of Modification	Date of Ceased Admissions (MM/DD/YYYY)	Date of Complete Closure (MM/DD/YYYY)
Social Work	Advanced Diploma in Social Service Administration	n.a.	D.S.S.A	Closure of a diploma program	The diploma is closing as student demand for the program is limited and the Faculty has decided to offer this type of training through continuing education instead of a diploma. This approach was endorsed by external appraisers in the Faculty's recent review and is reflected in practices of the discipline at large.	01/09/14	31/08/19
University of Toronto Mississauga	Human Resources and Industrial Relations - Major	UTM Department of Economics	B.A., Hons	Closure of a program	The closure is a response to a number of changes, including: changes in certification requirements; changes in partner departments' priorities and faculty member resources; and potential overlap with the recently approved (March 2014) Stream in Human Resource Management and Industrial Relations within the Specialist in Management program. The new Stream delivered by the Department of Management will offer UTM students better training for this certification. Admissions were suspended to this program in August 2012.	30/08/2012	08/30/2017

University of Toronto Report on Program Closures 2014-2015

Faculty	Program	Unit (if applicable)	Degree Designation	Type of Modification	Brief Description of Modification	Date of Ceased Admissions (MM/DD/YYYY)	Date of Complete Closure (MM/DD/YYYY)
University of Toronto Mississauga	Human Resources - Specialist	UTM Department of Management	B.Com.	Closure of a program	The Specialist in Human Resources (Bachelor of Commerce degree) has been closed. The content of this program is delivered through the new and more comprehensive Management Specialist stream in Human Resource Management and Industrial Relations within the Department of Management (Bachelor of Business Administration).	01/07/2014	07/01/2020
University of Toronto Scarborough	Specialist and Specialist Co-operative programs in Mathematics (B.Sc.).	Department of Computer and Mathematical Sciences	B.Sc.	Closure of a stream	The Design-Your-Own streams of its Specialist and Specialist Co-operative programs in Mathematics (B.Sc.) are closing due to low enrolments and the fact that their role has been largely subsumed into the more flexible requirements of the Comprehensive streams of the non co-op and co-op programs.	04/01/2014	04/01/2014
