

Report on Program Closures 2023-24¹

Faculty	Program	Unit (if Applicable)	Degree Designation	Type of Modification	Brief Description of Modification	Date of Ceased Admissions (MM/DD/YYYY)	Effective Date (MM/DD/YYYY)
Faculty of Arts and Science	Specialist in Health Studies	University College	Honours Bachelor of Arts (HBA)	Program closure	The decision to close the Health Studies Specialist takes into consideration the results of the previous 2019 University of Toronto Quality Assurance Process (UTQAP) review which identified the value of Health Studies but also noted structural and resource issues in the program. The closure also responds to declining enrolment in the Specialist program and the desire to re-allocate resources to the major program, which is more popular with students. Admissions to the Specialist were administratively suspended as of February 5, 2024. There are currently 14 active students registered in the Specialist and they will be supported to complete their program. The date of the Specialist's closure, August 31, 2028, was selected to allow the existing students to complete their program. Students will continue to be able to take the existing Major, which has been changed through a separate major modification.	02/05/2024	8/31/2028

¹ See the 2023-24 Major Modification Report for closures of collaborative specializations.
